# Policies

## Payments

Hatch River Expeditions requires an initial non-refundable, non-transferable deposit of \$500 per person to book. Reservations are not confirmed until we receive both a deposit and a guest name for each space. Payment can be made via personal check, money order, Visa, Discover, and MasterCard. Guests paying by check or money order will have 14 days to get payment to the Hatch River Expeditions office. If 14 days from the initial reservation date have elapsed and full payment and guest list have not been received, any spaces not assigned and paid for will be removed from the reservation.

Final payments are due 120 days before trip departure. If final payment is not received when due, Hatch River Expeditions reserves the right to cancel the reservation without refunding the original deposit.

## Registration Forms

You must complete a Registration Form for every guest on your reservation within 14 days of making your initial reservation. If that form is submitted by the deadline and it is determined that a guest will not be able to participate due to the information it contains, a full refund will be provided for that guest. Hatch River Expeditions reserves the right to cancel any guest's reservation at any time without refund if this form has not been completed accurately and returned by the deadline.

## Cancellations

If you must cancel your reservation more than 120 before your trip, you must notify us in writing. You will forfeit your initial non-refundable, non-transferable deposit. Any amount you have paid beyond the initial deposit will be refunded minus a 5% processing fee. Refunds made more than 90 days after payment will be issued as U.S. checks only.

If you must cancel less than 120 days prior to your trip, no refunds will be made and you will forfeit any funds paid to Hatch River Expeditions.

This policy applies to every cancellation and there will be no exceptions made for any reason. We will not issue refunds for cancellations due to illness or late arrivals due to travel delays. Our company has a limited number of spaces available and a short season. Once we accept your deposit, we can no longer sell that space to other possible guests and have likely already invested time, money, and energy into preparing for your trip and cannot afford the financial loss.

If you are concerned about the possibility of canceling your trip, we urge you to purchase travel insurance.

## One Trip Per Year

Grand Canyon National Park strictly enforces a "one trip per year" rule. Hatch River Expeditions is not permitted to accept a reservation from anyone who has or will participate in any other commercial or private, partial or full Grand Canyon river trip within the same calendar year.

## Transfers/Substitutions

If a guest is not able to participate in a particular trip, there are two scenarios in which we will allow a change to the reservation to be made:

Option 1) If, prior to when final payment comes due, a guest is not able to participate in a trip they have booked and they would like to send another guest in their place, a substitution may be made if the guest pays a separate \$200 change fee.

Option 2) If, prior to when final payment comes due, a guest would like to change their reservation from the original date on which they booked to another date within the same calendar year that has availability, the booking may be moved to a new date if the guest pays a separate \$200 change fee. Date transfers to other years will not be permitted.

After final payments come due (120 days prior to a trip's start date), changes to guests or bookings will not be permitted. A guest may choose to cancel and rebook, forfeiting their non-refundable deposit and any additional payments made in accordance with our cancellation policy.

## Outside Forces

Hatch River Expeditions reserves the right to cancel, delay or reschedule any trip due to forces outside of our control including but not limited to inclement weather, water levels and conditions and lack of sufficient reservations. Hatch River Expeditions will not be held responsible for any cancellation, or for expenses incurred as a result of such cancellation. When booking with Hatch River Expeditions you agree to this policy.

## Don't Forget Travel Insurance!

**Choose a travel insurance policy with a Cancel for Any Reason option to protect your investment if your circumstances change and you aren't able to complete your trip.**

**Most "CFAR" plans require you to purchase within a short window after booking your trip, so be sure to look into your options right away!**

## Age Limits

For full canyon motorized trips, the minimum age is 8 years old. For all other trips, including oar powered trips, exchanges (upper/lower trips), and hiking focused trips, the minimum age is 12 years old.

# Physical Requirements

There's a Hatch river trip for just about everyone. We have hosted guests from 9 to almost 90. But, for some it can be challenging to adjust to environmental conditions, including heat, cold, elevation, weather, water and sand. If you have factors that could make a trip more difficult including age, weight, lack of conditioning, and heart or other diseases, consider talking to a doctor before committing. Please review our Risk Advisory to Health-Care Providers and our Visitor's Acknowledgement of Risk form for more information.

Here are some minimum requirements you must be able to meet to safely enjoy your journey:

- Able to fit into a Type 5 Life Jacket (max chest size 58")
- Able to hold onto the raft while going through whitewater. Ropes are provided throughout the raft for hand holds.
- Capable of climbing onto and off of the raft. There will be about a 2 foot step up/down from the raft to the beaches. Please note that some surfaces may be wet and slippery.
- Comfortable walking on uneven, rocky terrain. Trails in Grand Canyon are not regularly maintained. Also sand beaches are the norm for camp sites so make sure you are comfortable walking across the sand inclines.
- Able to carry your own personal gear to and from camp. The maximum weight for personal gear is 25 pounds.
- Able to tolerate prolonged/repeated exposure to water of 50°F
- Able to tolerate prolonged exposure to environmental temperatures up to 120°F (In colder months, temperatures may also drop to 30°F)

**Note:** We are happy to accommodate a wide range of physical challenges and medical conditions. Neither previous whitewater experience nor swimming ability is required. Please contact our office so we can assist you personally with any concerns.

## Pre-Trip Conditioning

Preparing in advance for the desert terrain can enhance your enjoyment as well as your ability to see some of the hidden gems the Canyon has to offer. Hiking trails are not maintained and include elevation gain, rocky terrain and even stream crossings. It's worth it to see that spectacular waterfall or phenomenal slot canyon. Remember that all hikes are optional.

Conditioning before your trip will also aid in the camping experience. Most campsites are either sandy beaches or rocky ledges. Guest are responsible for carrying their own gear as well as setting up camp so being physically fit will enhance this experience tremendously.

### 5 Great Pre-Trip Conditioning Activities:

1. Find and hike local trails that have elevation gain and loss
2. Use the incline feature on machines at your local gym (or for a low tech alternative, take the stairs wherever you go)
3. Walk and hike on uneven terrain to prepare for rocky trails
4. Purchase hiking shoes or cross training shoes and hiking sandals and break in ahead of time to avoid blisters
5. Get in the habit of drinking water throughout the day – it's good for you every day, but mandatory on the river!

# Trip Overview

## Sample Itinerary

(Activities will vary based on guide decisions and weather.)

### DAY 0 (before your launch)

Arrive at Cliff Dwellers Lodge in historic Marble Canyon, AZ to begin soaking in the desert atmosphere. Shop, relax and enjoy a fantastic meal from the Cliffs Restaurant. Get a good night's sleep because tomorrow the adventure begins!

### DAYS 1 & 2

Meet Hatch staff in front of Cliff Dwellers Lodge at 8:00 or 8:30am (check your confirmation for your meeting time). Listen to a short introductory orientation and then load up the vans for a 20 minute shuttle ride down to the river. Here you will meet your crew and prepare to depart on your expedition. Guides will explain safety on the river and introduce you to our S-Rig rafts. Load onto the rafts and begin your GRAND adventure. Experience your first splash at the Paria Riffle and then cross under Navajo Bridge and take in your last glimpse of civilization for the next week. Enjoy the tour as your guides begin your Grand Canyon education.

\*If you are on a chartered trip that is longer than the length listed here, your itinerary will vary.

## Sample Itinerary (cont'd)

### DAYS 1 & 2 (cont'd)

Have lunch on a beautiful white sand beach and experience your first rapids of Soap and Badger Creek, House Rock and the Roaring Twenties.

You will pass below Vasey's Paradise and frolic in beautiful Redwall Cavern. Hike to ancient Anasazi granaries or up side canyons to spectacular sights.

### DAYS 3 & 4

Float and frolic in the warm Little Colorado River and use Hance Rapid to prepare yourself for the larger rapids ahead. Horn, Granite, Hermit and Crystal are next so be prepared for some impressive waves and epic splashes. You may stop at Phantom Ranch or continue past for some exciting side hikes. Elves Chasm is the perfect place to make a splash. Enjoy Deer Creek Falls or hike up to the spectacular Patio above to find a hidden green oasis.

### DAYS 5 & 6

Relax and enjoy the turquoise waters at the famed Havasu Canyon where you will experience a true paradise. Play in the pools or hike up the creek for more sights. Reflect on the geological changes you have experienced and enjoy this old section of canyon. You are now more than a mile down in the Canyon. The volcanic formation of Vulcan's Anvil signals the approach of Lava Falls, one of the most famed rapids in the world. Unwind at camp and enjoy our home cooked meals, especially those Dutch oven brownies!

### DAY 7

Helicopter flights to Bar 10 Ranch begin around 7:00am, so be prepared to see the sights from above. Lounge around at the ranch or, (if time permits) take a quick shower before your flight departs to take you back to Las Vegas or Marble Canyon.

## Camping with Hatch

We're here for you! Hatch trips are designed to accommodate everyone from the most experienced hikers to first time campers. We even provide you with camping gear (a camp chair, tent for 2, and "sleep kit" including a cot) so all you have to bring is your personal items.

Sandy beaches are typical campsites in the canyon, but each location is different, so be prepared for a different experience and view every night. Tent and sleeping sites are set up by guests and spread among the trees or across the open beach.

We set up kitchen near the boats so you can help unload then camp out in chairs nearby to take in the delicious aromas of guide-prepared meals.

### Bathrooms:

Toilet facilities are set up shortly after arriving in camp in a secluded area, and are the last thing taken down in the morning. The toilets are dry, meaning that everyone urinates in the river and all other "business" is taken care of at the toilet.

## Just a Typical Day on the River...

Days on the river begin at dawn or earlier. Your boatmen will use the “coffee call” as the first sign that it is time to wake up. Smells of delicious breakfast may creep into your tent luring you out and persuading you it is time to crawl out of bed. Hot breakfasts are the norm with eggs cooked to order and a continental breakfast option as a lighter fare.

After breakfast it is time to pack up camp and get moving. Form a “duffel line” with your fellow guests and work as a team to load the boats. You will be amazed how quickly camp can be taken down when everyone works together. Need help? Just ask! If your physical abilities limit your capacity to lift and load, that’s no problem either. Throughout the morning, the guides will prepare you for the day ahead and the adventure that lies around the bend.

Once the gear is loaded, you are welcome to hop aboard our sturdy and reliable S-Rig rafts and get ready for some thrills. After breakfast, the typical day begins with a few hours of rafting and rapids. If you are ready to get up close and personal with those waves sit towards the front of the raft or in the “bath tub”. If you prefer a more mellow experience sit towards the back near the boatmen in the “tea room.” Either way these rapids will amaze you with their enormity and awesomeness.

Trips usually stop every few hours to discover a pristine swimming destination or get a bit more active with a side canyon hike. Some of the hikes are more strenuous than others, but your thoughtful guides will make you aware of what is to come. Many of our guests’ favorite parts of the trip are the destinations at the end of some of the side hikes. After some fun in the morning, lunch will be served picnic style on a sandy beach where you can eat, relax and enjoy the sights.

After lunch, there is more exploring to do and likely some more thrilling rapids ahead. At the end of a day filled with adventure, you’ll pull into camp in the early

afternoon so as to provide ample time for relaxation. Form a duffel line to unload the boats, then you are off to set up your own camp. There will be demonstrations of camp setup on the first evening but you will be responsible to set up on subsequent nights. Relax and enjoy the sounds of the river, play on the beach or kick back with a good book as the guides prepare appetizers for you to munch on before dinner.

The food on our river trips is excellent and well rounded. Dinner is often a highlight of the day with entrees such as fresh fish, grilled steaks or barbecued chicken breasts. Vegetarian and other options will be accommodated to the best of our ability just make sure to discuss it with our office staff when making your reservation. Leave room for dessert, though, because our Dutch oven cakes and brownies will blow you away.

After dinner it’s off to your camp where our comfortable sleep kit—ground cloth, camp cot, sleeping bag, sheet and pillow—awaits. Get a good night’s sleep. There are more thrills tomorrow and daybreak comes early!

### A Typical Hatch Meal

Grilled Chicken Breast with Barbecue Sauce  
Seasoned Rice Cooked to Perfection  
Steamed Broccoli and Cauliflower  
Fresh Green Salad with Choice of Dressings

Not Pictured: Pre-Dinner Hors D'oeuvres &  
Dutch Oven Dessert

# Lodging & Transportation

## Cliff Dwellers Lodge

Lodging at Cliff Dwellers Lodge\* the night before your rafting trip is complimentary for double or more occupancy. You may also request a single occupancy room for a nominal fee (availability is limited). Hatch will book your room, so all you have to worry about is which delicious menu item to order at the Cliff Dwellers Restaurant. Check in is at 4pm. If you expect to arrive after 9pm, give them a call.

If you would like to make your own extended reservations with Cliff Dwellers Lodge, book a fly fishing trip, or inquire about their restaurant, use the information below to contact them directly.

\*In rare instances, your lodging may be booked at another lodge in Marble Canyon.

**Cliff Dwellers Lodge**  
**Milepost 547 N Hwy 89A**  
**Marble Canyon, AZ 86036**  
**(800) 962-9755**  
**[www.cliffdwellerslodge.com](http://www.cliffdwellerslodge.com)**

**NOTE:** You may also order beverages for your trip through Cliff Dwellers Lodge. Contact them directly for beverage inquiries.

## Pre-Trip Transportation

### Fly or Shuttle from Las Vegas to Marble Canyon

Drive or fly into Las Vegas before your trip and then use one of the following options:\*

1. **\$\$\$** Schedule a **flight** to the Marble Canyon airstrip with Bar 10 Transportation for the day before your launch. Contact Bar 10 for meeting times, availability, and pricing. Hatch vans will pick you up from the Marble Canyon airstrip and shuttle you to Cliff Dwellers Lodge. At the end of your trip, you can choose to fly directly back to Las Vegas.

**Leaves early afternoon     Arrives late afternoon or evening**

2. **\$\$** Schedule an executive **van shuttle** from the McCarran airport in Las Vegas to Cliff Dwellers Lodge through Bar 10 Transportation. Contact Bar 10 for meeting times, availability, and pricing.

**Leaves mid-day     Arrives late afternoon or evening**

\*There is typically a maximum of one flight and one van departure each day. Arrive well in advance of the time provided to you by Bar 10 to ensure you make your departure.

### Drive to Marble Canyon

Drive your personal vehicle (**\$**) or a rental car (**\$\$**) to Marble Canyon. Park between Cliff Dwellers Lodge and the Hatch Warehouse. At the end of your trip, you can fly back to Marble Canyon to collect your vehicle.

### **Bar 10 Transportation**

**435-628-4010**  
**[www.bar10.com](http://www.bar10.com)**

# Lodging & Transportation (cont'd)

## Post-Trip Transportation

On the last day of your trip, you will take a helicopter from inside the canyon to the Bar 10 Ranch. Helicopter flights begin at 7:00am. Once at the Bar 10 Ranch, you will be given a boarding pass for a fixed wing flight back to either Las Vegas, NV or Marble Canyon, AZ.

### Fly back to Las Vegas

Your flight will take you from Bar 10 Ranch to the Boulder City airport terminal. From there, you will be shuttled back to McCarran Airport. You should arrive around 1:00pm; however, we strongly recommend that you do not schedule any flights out of Las Vegas until after 3:00pm to accommodate unexpected delays.

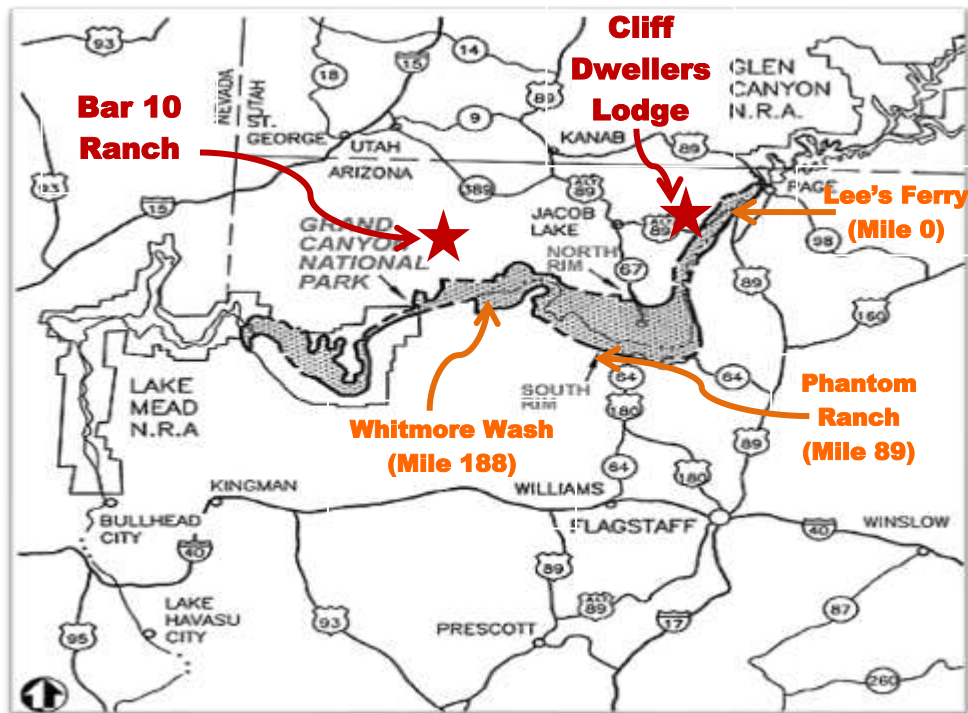

### Fly back to Marble Canyon

Your flight will take you from Bar 10 Ranch to the Marble Canyon airstrip. From there, a Hatch employee will pick you up and shuttle you back to your vehicle. You should arrive around 11:00am.

**PLEASE NOTE:** The airline requires all passengers 18 and older to present a current, government-issued photo ID upon boarding the plane at Bar 10 Ranch. If your bag weighs over 25 lbs you may be charged a fee. If you change your flight from what is indicated on your **Reservation Form**, Bar 10 reserves the right to charge you the cost of accommodating that change if space is available. Arrival times are estimates and are subject to change.

Be sure to let Hatch know on your **Reservation Form** where you would like to be flown at trip's end so that we can book your flight!

# Gear Checklist

Hatch provides all the camping essentials for your trip, so all you have to bring is personal gear. Here's what we recommend you pack to ensure you have the best possible trip. (Please note: This list is intended to be used as a guide. Some guests prefer to skip or add items as their needs dictate. You know yourself best! If you have any questions, please contact our office.)

## Hatch Provided Gear:

- 1 water-resistant **night dry bag** (18" in diameter x 31" tall – for your sleep kit and personal duffel bag)
- 1 water-resistant **day dry bag** (8" in diameter x 20" tall - for your small backpack and items you need during the day)
- Dishware and eating utensils, PLUS a souvenir Hatch mug
- 1 3-person tent (for 2 people)
- 1 camp chair per person
- A sleep kit, which includes:
  - 1 collapsible cot (rated for 250lbs)
  - 1 sleeping bag
  - 1 sheet and pillow case
  - 1 standard sized pillow
  - 1 6'x8' ground cloth

## Meals and Beverages:

In addition to camping gear, Hatch provides all meals and beverages (excluding alcohol and soda) for your trip. You may purchase additional beverages from the Cliff Dwellers Lodge (order form provided) which you will pick up the morning of your launch. You are also welcome to bring your own from home. Please avoid bringing glass bottles.

**Note: Most guests wish they had purchased more beverages. Please plan accordingly.**

**Please review the "Sample Menu with Dietary Info" document for your trip.** If you have any concerns about your dietary accommodations, let the Hatch office know as soon as possible.

## Day Gear

This gear will be worn or stored in your **day dry bag** and secured next to you on the raft so that you can access it throughout the day.

- Small backpack or camelback** - for hikes
- Rain gear (2-piece and waterproof)**  
Those splashes are cold, so good rain gear is a must. Make sure it has Velcro or elastic arm/leg bands to keep water out. No ponchos.
- Swimsuit** - Great to wear under clothing. We recommend a 2-piece for women for logistical reasons.
- Reef safe sunscreen and SPF Lip Balm**
- 2 unbreakable water bottles** 1 liter with loops for carabiners
- 2 sturdy carabiners** (not keychain style)
- Recreational sports sandals** - Must have good traction/soles. Chaco, Teva, and Keen are popular brands. Make sure to break them in before the trip!
- Lightweight, synthetic hiking shoes** – Pair these with socks for dry hikes where sandals just won't cut it.
- Neoprene socks or quick dry socks**
- Polarized sunglasses with retention string**
- Sun hat with retention string**
- Daytime medication** – *Consult your doctor to determine an adequate supply of vital medications.*
- Waterproof(ed) camera** - Don't forget extra batteries (Charging for USB devices is available, but limited)
- Lightweight gloves** - to protect against sun, hot rocks, and holding ropes.
- Bandana or buff**

**NOTE:** April, May, and sometimes September are colder months – See the second page of this checklist for suggested cold weather items.

**Personal Gear  
Limit: 25lbs**

# Gear Checklist (cont'd)

## Night Gear

This gear will get packed in your duffel and stowed in your **night dry bag** with your sleep kit. It will be secured in the center of the duffel pile, and you will only have access to it when you camp each night.

- Medium soft-sided duffel bag** – recommend 12"x12"x24"
- Quick dry shorts (or skirts)**
- Lightweight long pants**
- T-shirts** –moisture wicking (to stay dry) or cotton (to stay wet)
- Long-sleeved shirt** – for sun protection
- Underwear**
- Lightweight fleece jacket**
- Pajamas**
- Headlamp or flashlight** – with extra batteries
- Government issued photo ID (18+), credit & insurance cards** (in case of medical evacuation)
- Cash or personal checks** – for Phantom Ranch/Bar 10 purchases & gratuities for guides
- Nighttime medication**
- Camp towel**
- Toiletries:**
  - Good lotion & hand salve for dryness in the Canyon
  - Toothbrush, toothpaste & dental floss
  - Biodegradable soap, shampoo & conditioner
  - Baby wipes (for cleaning off in the evening)
  - Nail clippers/file
  - Contact solution (due to the elements, we recommend disposable contacts or glasses)
  - Ladies only: feminine hygiene products & (optional) female urinal
- Comfortable camp clothing:**
  - footwear, sarong or other cover up, cotton t-shirt, cotton socks

### Valuables:

Hatch does not have a means of storing guests' valuables while they are on the river. We recommend that you leave all valuables not on this checklist at home.

### Gratuities:

Guide gratuities are provided at a guest's discretion, but always appreciated. As a guideline, many guests tip between 8-10%. All gratuities should be given to the lead boatman who will divide it equally among the crew. Checks (made out to the trip leader) or cash are acceptable. We cannot accept credit cards.

### Cold Weather Extras:

It is better to over pack than to go without something you need during cold weather. April, May, and September are colder months—be prepared with these items if your trip is during one of these months.

- **Stocking cap or beanie**
- **Mid- to heavyweight fleece jacket** (to replace lightweight)
- **Long underwear** (either polypropylene or wool for their quick drying properties)
- **Extra layers and long pants**
- **Heavier weight rain gear**
- **Medium weight gloves** (for warmth)

### Weather:

Weather in the canyon can be unpredictable. For an up-to-date forecast, visit [weather.gov](http://weather.gov), click the search tab, and type in "Phantom Ranch." Select the forecast for lat. 36.1°N and long 112.09°W, with elevation of around 2800ft.

# Sample Menu

## with Dietary Info

NOTE: This menu is a sample only! Specific items or combinations of items available on your trip may vary.

All meals are buffet-style with guests serving themselves. All cook surfaces and utensils are likely to come in contact with all types of food we offer at some point during the trip. Due to this meal set up and our limitations in storage space and kitchen equipment, we are not able to guarantee against cross contamination. A multi-day, backcountry river trip such as this may not be a good fit for guests who have inflexible dietary requirements or severe or life-threatening allergies.

### Breakfast\*:

Eggs (made to order)  
1 breakfast meat each day: sausage, bacon, or ham  
1 side each day: bagels, pancakes, hash browns, or English muffins  
Cereal, fresh fruit, tortillas (for making breakfast burritos)

**\*On the final day of your trip, a continental breakfast will be served in place of the standard menu**

### Lunch:

(make your own sandwich)  
Wheat, sour dough, rye, and tortillas/wraps  
Sliced deli meat and cheese, tuna or chicken salad, hummus, and peanut butter and jelly  
Various sandwich spreads/condiments  
Tomatoes, lettuce, red onions, and pickles  
Pringles, M&Ms, cookies, and other snack items

### Snacks:

Nuts, trail mix-style items, dried and fresh fruits

### Appetizers:

Cheese and crackers, chips and guacamole, or antipasto items

### Dinner:

Grilled steak, green salad, zucchini and yellow squash, potatoes, and Dutch oven brownie

Grilled chicken, green salad, steamed broccoli and cauliflowers, penne pesto with pine nuts or cashews, and yellow cake with chocolate frosting

Grilled Salmon, spinach salad, steamed asparagus, rice, and cheesecake

Carnitas, grilled peppers and onions, Mexican rice, black beans, and tropical fruit salad

Grilled pork tenderloin, coleslaw, steamed corn, ranch beans, stuffing, applesauce, and chocolate cake with cream cheese frosting

Spaghetti with Italian sausage, Caesar salad, garlic bread, and pound cake

### Beverages:

Coffee, tea, milk, and juice are served with breakfast  
Decaf or herbal hot tea can be served after dinner upon request  
Filtered water and lemonade or Gatorade (for electrolytes) will be available every day on the raft and at camp

**Important: Items on the trip may be cooked in vegetable oil, canola oil, cooking spray, or butter. Avoiding cross contamination with these items may not be possible on our trips.**

### WHAT ABOUT MY DIETARY RESTRICTIONS?

We may accommodate dietary restrictions if possible and reasonable given the limitations of our trips when informed of those restrictions within 14 days of booking. Dietary preferences are our guests' responsibility to manage. Remember that this is a backcountry, wilderness expedition so limited vendors, space on the raft, and cookware can make accommodating each guest's specific dietary requests difficult. If you have particular dietary needs that you believe will not be met based upon this sample menu, you may request approval from Hatch to bring additional shelf-stable, ready-to-eat food to supplement that which is provided. Make sure to discuss your needs with our office staff when making a reservation (800-856-8966).

**Please inform Hatch office staff of any dietary concerns you may have within 14 days of booking to give us adequate time to discuss your needs and provide reasonable accommodation where possible.**

#### Common substitutions/accommodations:

*Note: Items provided will vary depending on what our food suppliers have available. We operate out of a remote location and cannot guarantee specific items or brands due to this limitation. Typically organic foods are not available.*

**All guests with particular dietary needs should plan to discuss those needs with their guides at meal times.**

**For gluten free guests:** Hatch is typically able to provide gluten free salad dressing, cereal, cookies, crackers, and bread. We also may be able to provide rice pasta, quinoa, and corn tortillas. If specifically requested, we can provide gluten free cake for special occasions. Many dishes with bread or other gluten components can be served with the glutinous item separate from the other items. Due to the buffet-style meal service and our limited storage and kitchen equipment, we are not able to guarantee a trip free from the possibility of cross contamination with gluten.

**For dairy free guests:** Hatch is typically able to provide an alternative milk (usually almond milk). Most dishes with cheese or other dairy components can be served with the dairy item separate from the other items.

**For guests with limited meat/meat free diets:** Hatch is typically able to swap in other meats or meat substitutes for guests who do not eat the particular type of meat we are serving on a given night (i.e. chicken breast instead of steak for those who don't eat red meat; portabella mushroom or plant-based meat substitute products for those who don't eat any meat). In cases where the meat is a built in component of a meal (such as spaghetti with meat sauce), a separate meat free portion can be prepared or the meat component can be served separately. Due to the limitations of our food suppliers, we cannot guarantee which specific brands or types of meat substitutes will be available to you on your trip.

**For guests with food allergies:** Some guests request that we remove items they are allergic to from their trips; this request is one we are not able to accommodate. Due to the limitations inherent in providing meals to large groups of people in the backcountry, we are not able to guarantee an environment free from any particular allergen. Guests with food allergies should plan for a trip where there is a chance of ingesting their allergens either directly or through cross contamination. We strongly encourage that all guests with food allergies discuss the nature and severity of their allergies along with the nature and limitations of a Hatch trip with their healthcare providers before committing to participating. (You can use our [Risk Advisory to Healthcare Providers and Participants](#) and this dietary document to aid you in this conversation.)

Once approved for participation, we recommend that guests read food labels and maintain open conversation with their guides about their needs to avoid potentially ingesting allergens (particularly for guests with allergies to common or hidden ingredients in prepared and/or shelf stable foods). If necessary, and if they obtain Hatch approval in advance, some guests with food allergies may bring some of their own shelf-stable, ready-to-eat food items to supplement what we provide. Due to limited space and kitchen equipment, guests will not be permitted to bring food that requires kitchen preparation or refrigeration.

## Risk Advisory to Health-Care Providers and Participants

**Hatch River Expeditions, Inc. Experience.** The Hatch River Expedition experience is not risk-free. Staff will instruct participants in safety measures. Clients must be: prepared to listen to and follow these measures and accept responsibility for the health and safety of yourself and others. Each participant will be in an isolated wilderness backcountry area and may be hiking over trails that are steep and rocky. Spring/Summer/Autumn climate includes temperatures from 30 to 100 degrees, low humidity (10 to 30 percent), and frequent, sometimes severe, thunderstorms

**Risk Advisory.** Hatch River Expeditions, Inc. has an excellent health and safety record and strives to minimize risks to participants by emphasizing appropriate safety precautions. Because most participants are prepared, are conscious of risks, and take safety precautions, they do not experience injuries or illness. If you decide to take a river trip, you should be physically fit, have proper clothing and equipment, be willing to follow instructions, work as a team with your fellow participants, and take responsibility for your own health and safety. Hatch River Expeditions, Inc. guides are trained in first aid, CPR, and accident prevention. They can assist in recognizing, reacting to, and responding to accidents, injuries, and illnesses, **HOWEVER, response times by outside medical emergency services are affected by location, terrain, weather, or other emergencies and could be delayed for hours or even days in the wilderness setting of all of our trips, as a result of these extreme conditions,** Hatch River Expeditions, Inc. cannot guarantee the health, welfare and safety of its participants. All Hatch River Expeditions, Inc. participants should understand potential health risks inherent to the wilderness backcountry location of our trips.

**Backcountry Expeditions.** The backcountry experience encompasses: a physically demanding high adventure program in remote wilderness areas; camping while being exposed to occasional severe weather conditions such as lightning, hail, flash floods, and heat; and other potential problems, including injuries from tripping/falling and heat exhaustion can worsen underlying medical conditions. Native wild animals such as rattlesnakes usually present little danger if proper precautions are taken.

**Food.** Despite our best efforts, in the wilderness backcountry setting, our staff has no ability to guarantee that food allergens are not present in the meals we prepare or snacks that we offer. It is up to each and

*every participant with food allergies to read the labels on the packaged foods used in meal preparations or offered as snacks to ensure that they are not consuming a food allergen.* Further, we highly encourage every guest with an allergy to meet with staff during meal time to discuss how food was prepared and to be advised of any possible cross contamination issues.

**Medication.** Each participant who needs medication must bring enough medicine for the duration of the trip. ***We highly encourage clients to consult with their medical advisors to determine an adequate supply of vital medications.*** People with allergies that have resulted in severe reactions or anaphylaxis must bring enough EpiPen that has not expired to be able to manage his/her condition if emergency response systems are unavailable for an extended period of time.

**Immunizations.** Each participant should have received a tetanus immunization within the last 10 years. We support the choices of those participants who do not have immunizations because of philosophical, political, or religious beliefs.

**High Blood Pressure.** Participants should have a blood pressure less than 140/90. People with hypertension (greater than 140/90) should be treated and controlled before participating on a river trip, and should continue on medications while participating. The goal of treatment should be to lower the blood pressure to normal levels. Those individuals with a blood pressure consistently greater than 160/100 may not be allowed to participate in a river trip.

**Seizures (Epilepsy).** The seizure disorder must be well-controlled by medication. A well-controlled disorder is one in which a year has passed without a seizure. Exceptions to this guideline may be considered on an individual basis, and will be based on the specific type of seizure and likely risks to the individual/other members of the crew.

**Diabetes Mellitus.** Both the person with diabetes and one other person in your party need to be able to recognize signs of excessively high or low blood sugar. An insulin-dependent person who was diagnosed or who has had a change in delivery system (e.g., insulin pump) in the last six months is advised not to participate. A person with diabetes who has had frequent hospitalizations or who has had problems with low blood sugar should not participate until better control of the diabetes has been achieved. If an individual has been hospitalized for diabetes related

## Risk Advisory to Health-Care Providers and Participants

illnesses within the past year, the individual must obtain permission to participate by contacting the Hatch River Expeditions, Inc.

**Asthma.** Asthma must be well-controlled before participating on a river trip. Well controlled means: 1) the use of a rescue inhaler (albuterol) less than two times per week (except use for the prevention of exercise-induced asthma); 2) nighttime awakenings for asthma symptoms less than two times per month. Well-controlled asthma may include the use of long-acting bronchodilators, inhaled steroids, or oral medications such as Singulair. You may not be allowed to participate if: 1) you have asthma not controlled by medication; or 2) you have been hospitalized/gone to the emergency room to treat asthma in the past six months; or 3) you have needed treatment by oral steroids (prednisone) in the past six months. You must bring an ample supply of your medication and a spare rescue inhaler that are not expired. At least one other member of your party should know how to use the rescue inhaler. Any person who has needed treatment for asthma in the past three years must carry a rescue inhaler on the trip. If you do not bring a rescue inhaler, you may not be allowed to participate in your river trip.

**Recommendations for Chronic Illnesses.** Adults or youth with any of the following conditions should undergo an evaluation by a physician before considering participation on a river trip: 1) Chest pain, myocardial infarction (heart attack) or family history of heart disease in any person before age 50 2) Heart surgery, including angioplasty (balloon dilation), to treat blocked blood vessels or place stents 3) Stroke or transient ischemic attacks (TIAs) 4) High blood pressure 5) Claudication (leg pain with exercise, caused by hardening of the arteries) 6) Diabetes 7) Smoking or excessive weight. The physical exertion on a river trip may precipitate either a heart attack or stroke in susceptible people. Participants with a history of any of the seven conditions listed above should speak to a physician about whether a physician-supervised stress test is appropriate. Even if the stress test results are normal, the results of testing are often done at lower elevations, without backpacks, and do not guarantee safety. If the test results are abnormal, the individual is advised not to participate.

**Recent Musculoskeletal Injuries and Orthopedic Surgery.** Participants will put a great deal of strain on their joints. Individuals who have significant musculoskeletal problems (including back problems) or orthopedic surgery/injuries within the last six months may be required to obtain a letter of clearance from

their treating physician to be considered for approval. Permission is not guaranteed.

**Allergy or Anaphylaxis.** If you are allowed to participate, you will be required to have appropriate treatment with you. You and at least one other member of your party must know how to give the treatment. If you do not bring appropriate treatment with you, you will not be allowed to participate. Response times by outside medical emergency services could be delayed by hours or even days. Appropriate treatment will take into account that possible delay.

**CPAP Devices.** Eligible CPAP devices for use on motorized trips must 1) be DC; 2) be specifically designed for travel; and 3) not use a humidifier. CPAP devices are not permitted on oar powered trips. If you provide advanced notice that you intend to use a CPAP device, Hatch River Expeditions, Inc. may provide you with a dedicated battery, but ***no guarantee can be made that your device will stay adequately charged throughout the entire duration of your trip.*** The number of dedicated batteries available is limited; if you travel at a time when these batteries are in high demand, there is no guarantee that you will receive one. In most cases, when a dedicated battery is not available, shared charging can be arranged. Batteries are charged using power from the boat's motor as it operates during the day; if there are a large number of batteries on a trip, it may not be possible to charge each one completely each day. Guests are advised to bring additional, fully-charged batteries designed for their travel medical devices.

**Psychological and Emotional Difficulties.** Participants should be aware that no high-adventure experience is designed to assist participants in overcoming psychological or emotional problems. Experience demonstrates that these problems frequently become worse, when a participant is under the stress of the physical and mental challenges of a remote wilderness setting. Medication must never be stopped prior to participation and should be continued throughout the entire river trip experience.

**Weight Limits.** Weight limit guidelines are used because overweight individuals are at a greater risk for heart disease, high blood pressure, stroke, altitude illness, sleep problems, and injury. Successful rescue in the backcountry can be impacted by a participant's weight, especially if the rescue transport is not able to accommodate the weight or size of a participant. Please discuss this potential risk with your health care provider if you are over 295 pounds.

Check your Hatch paperwork to confirm your **launch date** (the day your boat leaves from Lees Ferry) and **hike-in date** if applicable (the day you hike down the Bright Angel Trail on a LOWER Canyon trip).

If you are on a **FULL Canyon** or **UPPER Canyon** trip, you are responsible for picking up your beverage order the morning of your launch.

If you are on a **LOWER Canyon** trip, your Hatch guides will pick up your beverage order and load it on your boats on the launch date. (Keep in mind this is a few days **prior** to your hike in date.) You will have access to your beverages once you reach the raft. **Make sure to inform Hatch that you have submitted a beverage order.**

**NOTE:** Beverage transactions are between the guest and Cliff Dwellers Lodge. If you change or cancel your trip with Hatch, it is your responsibility to inform Cliff Dwellers Lodge.
